RAV

A stylized illustration of a road with several cars. The cars are depicted in a simplified, line-art style. The central car is white and contains two people, a man and a woman, sitting in the front seats. To the left of this car, there are two more cars: one is black and white, and the other is white with a dotted pattern. In the foreground, there are several banknotes (dollar bills) scattered on the road. A large, solid red circle is positioned on the right side of the road, partially overlapping the central car. Inside this red circle, the text "Mobility Pricing" is written in white, sans-serif font. The background features a simple line-art landscape with a hill and a building on the right. The overall style is clean and modern, using black lines on a white background with a prominent red accent.

Mobility Pricing

Integration

A stylized illustration depicting informal communication. On the left, a woman sits in a futuristic car, looking at a smartphone. To her right, a man stands pointing towards a large screen. The screen displays icons for an envelope, a hashtag, exclamation marks, and a 'G' logo. To the right of the screen is a server rack with various colored panels. The background includes a house and a staircase. A large red circle is overlaid on the scene, containing the text 'Informelle Kommunikation'.
