

Aerial Mobility Is Here

... and we should embrace it

DAVMA @ MOBAR 2023

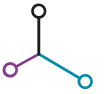

FIA – what's that?

The Federation Internationale de l'Automobile (FIA) has two halves: Sports...

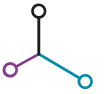

FIA – what's that?

... and mobility – as the global association of mobility clubs!

DAVMA @ MOBAR 2023

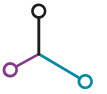

Drone & Vertical Mobility Academy

The TCS through DAVMA (Drone & Vertical Mobility Academy) brings FIA & its clubs into the third dimension

DAVMA @ MOBAR 2023

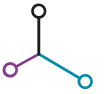

Flying Taxis Are Here

Volocopter will fly commercially at the Olympic Games in Paris 2024

DAVMA @ MOBAR 2023

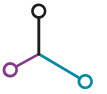

... and they are automated

Ehang is just weeks away from certification in China – no pilot onboard

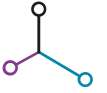

DAVMA @ MOBAR 2023

Automated, but not autonomous

View into Ehang control center, similar ones exist for drones already (compare w/ Vay!)

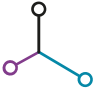

Drone Logistics is Here

4 Million customers already in range of Walmart Drone Delivery – 90% of Americans within 10 miles of Walmart

DAVMA @ MOBAR 2023

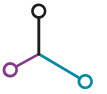

Drone Logistics is Here

One of my colleagues from the Australian Automobile Association receives a coffee from Google

DAVMA @ MOBAR 2023

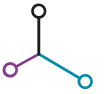

Drone Agriculture Is Here

71 Mio hectares are sprayed by drone in China – EU has 98 Mio hectares arable land

DAVMA @ MOBAR 2023

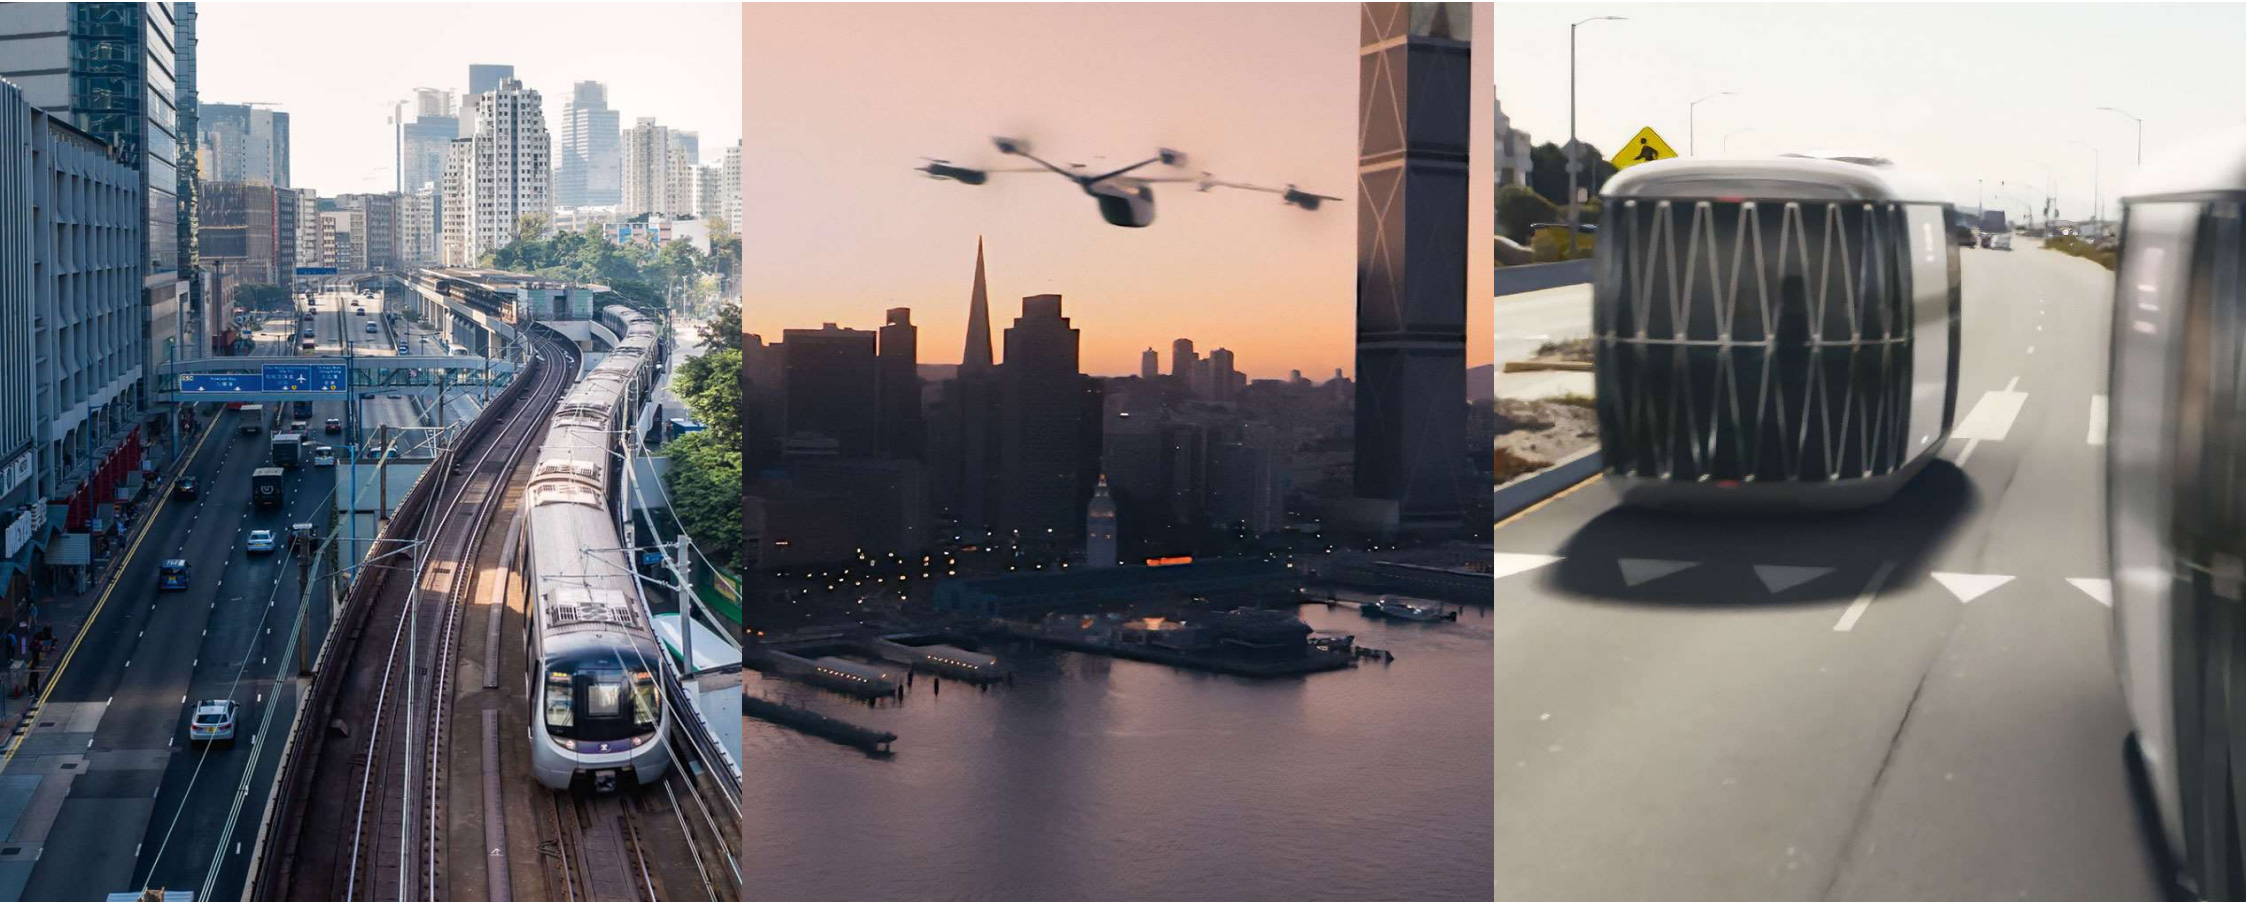

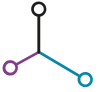

Drone Surveying is Here

65% of all open pit mine operators worldwide use drones – from surveying to route planning

DAVMA @ MOBAR 2023

Mobility is constantly evolving

Different modes of transport will increasingly merge and become more automated.
